03 WHY US

ABOUT US

Founded in 2025 and based in Qingdao, China, Qingdao Britop International Trading Co., Ltd. is a dynamic player in global trade, delivering high-quality products and services to clients worldwide. We specialize in excavator front attachments (hydraulic breakers, buckets, grapples, augers), pipe locking machines for oil, gas, and construction, and filter presses with spare parts for mining, wastewater treatment, and food processing. Our products, sourced from reputable manufacturers, ensure durability, precision, and efficiency, with customized solutions to meet diverse needs.Our services include procurement agency, factory auditing, sourcing, market research, expediting, and comprehensive inspections (pre-production to pre-shipment), ensuring quality and timely delivery. With a global supplier network and deep market expertise, we provide competitive pricing and seamless logistics. Committed to trust, quality, and long-term partnerships, Britop strives to exceed client expectations through innovation and dedicated service.

Main Product Categories

Excavator Front Attachments

Products: Hydraulic breakers, buckets, grapples, augers.
Applications: Enhances excavator functionality for construction and mining tasks.
Features: Sourced from reputable manufacturers, designed for durability, reliability, and high performance, suitable for various operational needs.

Pipe Locking Machines

Products: Machines for securing pipes with various specifications.
Applications: Used in oil and gas, construction, and manufacturing for leak-free pipe connections and safety.
Features: Known for precision, ease of use, and long service life, meeting diverse industry requirements.

Filter Presses and Spare Parts

Products: Chamber, membrane, and plate-and-frame filter presses, plus compatible spare parts.
Applications: Solid-liquid separation in mining, wastewater treatment, and food and beverage industries.
Features: High filtration efficiency, low energy consumption, easy cleaning, customizable, with spare parts compatible with top global brands.

Company Advantages

Global Reach and Market Expertise

Exports to over 30 countries, with a strong understanding of international markets, particularly in developing regions like Asia, Africa, and Latin America.
Extensive supplier network ensures competitive pricing and reliable sourcing for clients worldwide.

Comprehensive Service Portfolio

Offers end-to-end solutions: procurement agency, factory auditing, sourcing, market research, expediting, and multi-stage inspections (pre-production to pre-shipment).
Ensures quality control, timely delivery, and seamless logistics, reducing risks for clients.

Quality and Customization

Products sourced from ISO 9001-certified manufacturers, ensuring durability and performance.
Provides tailored solutions (e.g., customized front attachment of excavator, filter presses and spare parts) to meet specific client needs, ideal for small-scale operations in budget-conscious markets.

Automatic dosing machine

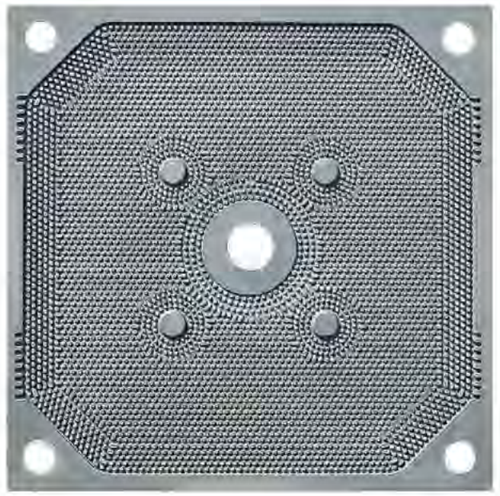

滤板系列

滤板系列包括250mm至2000mm不等（该册展示不代表所有规格）
Filter plate, series between 250mm-2000mm

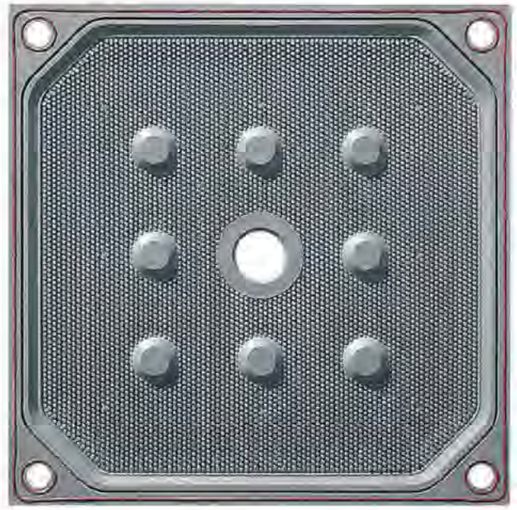

1000型隔膜滤板
1000 type diaphragm filter plate

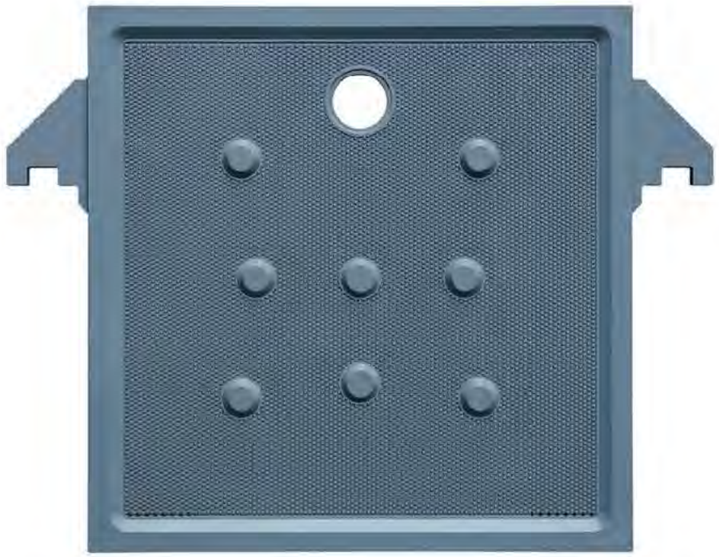

1000型密闭隔膜滤板
1000 type closed diaphragm filter plate

1250型隔膜滤板
1250 diaphragm filter plate

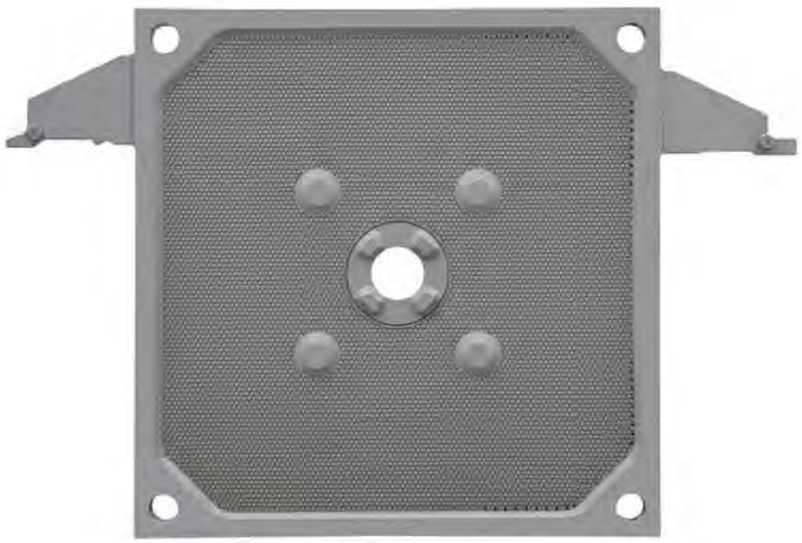

1250型密闭厢式滤板
1250 close chamber filter plate

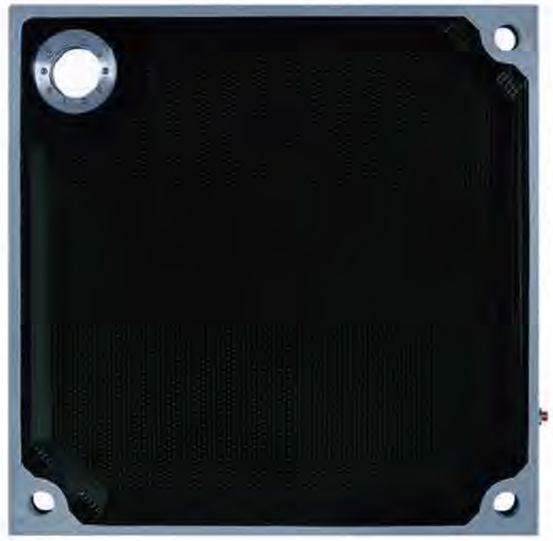

2500型高压隔膜滤板

2500 type high pressure diaphragm filter plate

高效节能水洗自动托饼隔膜滤板

cost saving, high efficiency auto water clean disengagement membrane Filter press plate,250-2000MM

角进料橡胶高压隔膜滤板

Corner feed rubber high pressure diaphragm filter plate

高效快速压滤机橡胶滤板

High efficiency fast Filter press rubber filter plate,250-2000MM

滤布系列

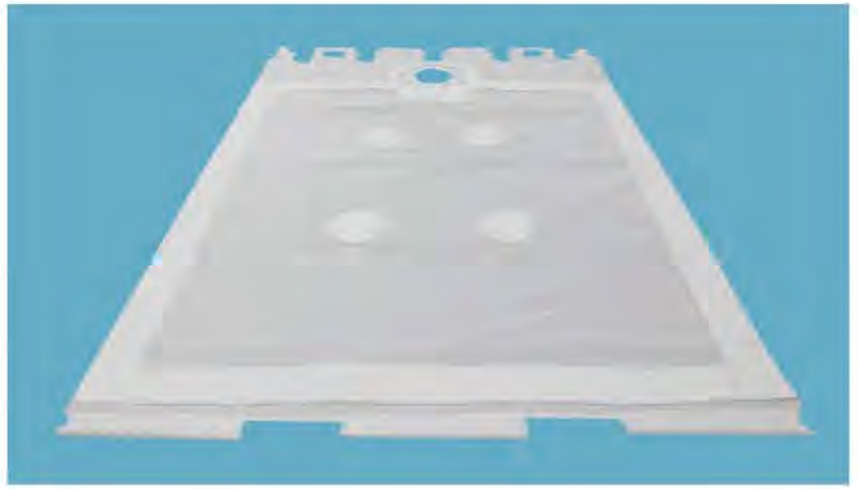

镶嵌布

filter press Inlaid cloth

酱油布

Soy Sauce filter press Cloth

压滤机滤布

filter press cloth

滤布

配件系列

把手 Handles

水嘴、水龙头 **filter pess water nozzle and faucet**

拉板小车 **Filter press plate pulling trolley**

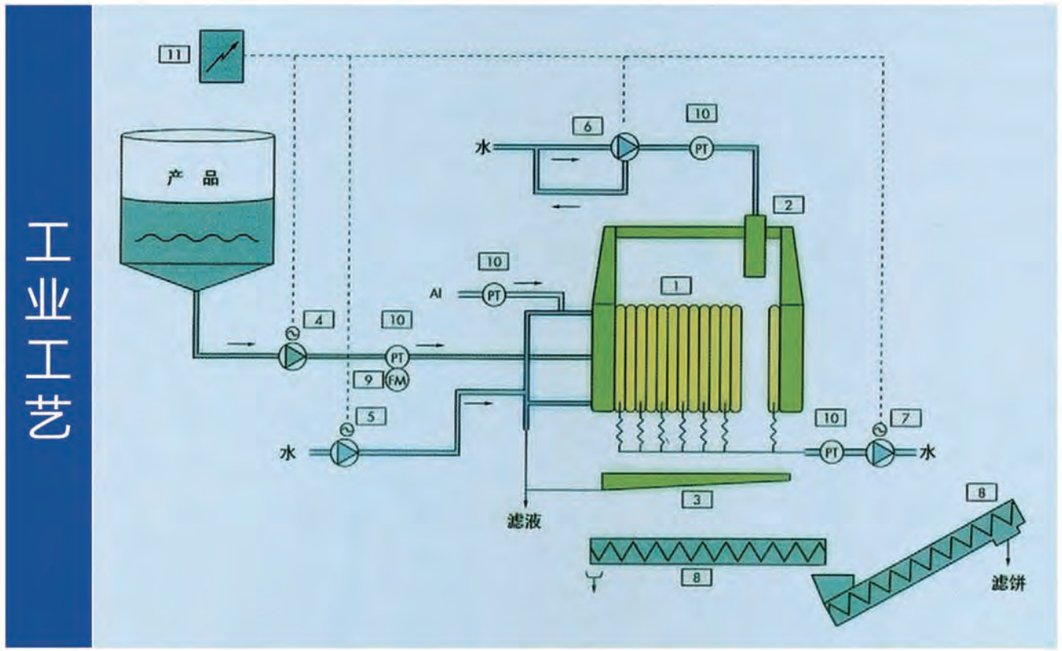

夹布器 **filter press cloth clipper**

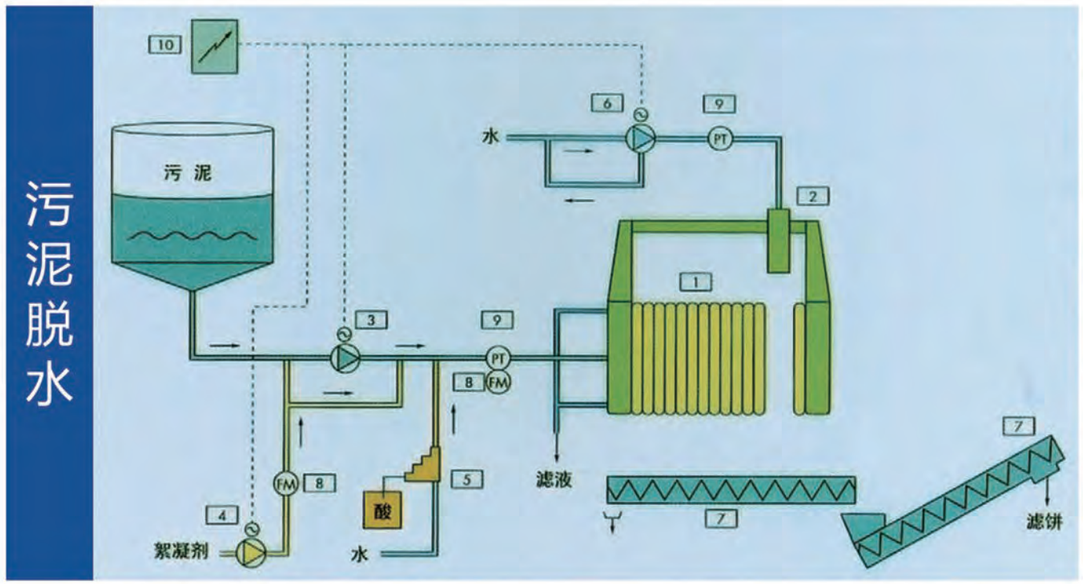

PRODUCT SERVICE

工业工艺

1,Filter press, 2,Cloth cleaning system 3,Receiving tray/collection tray 4,Feeding pump 5,Filter cake cleaning pump 6,High pressure cloth cleaning pump 7,Membrane plate squeeze pump 8,Filter cake conveyor 9,Flowmeter, 10,Pressure transmitter 11,Plc

污泥脱水

1,Filter press, 2,Cloth cleaning system 3,Feeding pump 4,Polymer electrolyte metering pump 5,washing pump, 6,High pressure cloth cleaning pump 7,Filter cake conveyor 8.Flowmeter, 9.Pressure transmitter 10,Plc

应用案例 Cases

一、市政 河道清淤 Municipal river dredging

二、锂电新能源（磷酸铁、碳酸锂）
Lithium battery, new energy (iron phosphate, lithium carbonate)

三、钻井 打桩 Drilling, piling

四、化工 印染 Chemical industry, printing and dyeing

五、食品 制药 Food processing, pharmaceuticals

六、砂石骨料 尾矿 冶金 Sand and gravel aggregate, tailings, metallurgy
